

## **NEW SERVICE IN BURY ST EDMUNDS**

Elizabeth FitzRoy Support has just taken on a new supported living service for 6 people in the centre of Bury St Edmunds.

We are providing 24 hour support to people living in this brand new service, and helping them to live a more independent life. Most have come from long-stay institutions so are enjoying their freedom and ability to make choices around everyday life.

The eco-friendly property has a beautifully landscaped garden, which the tenants no doubt will enjoy looking after once the warmer weather comes.
